

Pandangan masyarakat di Kecamatan Sleman terhadap pilkada langsung dan korelasinya dengan penggunaan hak pilih

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428897&lokasi=lokal>

Abstrak

Direct election of District Head and Vice District Head has been out for the first time in Indonesia, including in Sleman District. One of the prominent aspects of this system of this system is participation of the society. For that purpose understanding on society perception in the execution of that the democratic party is needed, considering that such an understanding can also determine the use of the right to choose. One of the subdistricts in Sleman District which played roles in that election is the Sleman Subdistrict, that is why it was chosen as location of this research, considering that is population and heterogeneity is big enough...
