

Drive change with case studies: managing the training function

Cadzow, Linda, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20429137&lokasi=lokal>

Abstrak

Case studies are a powerful way to demonstrate concepts or policies, encourage critical thinking, and reinforce course content. This issue shows you how to develop, craft, implement, and follow up on case studies so they become a tool to actively transfer learning and drive cultural change. Flowcharts, checklists, and clearly defined rules for success are included.
