Abstrak

Banyaknya peristiwa yang terjadi menyangkut Gojek membuat para pengemudi Gojek menjadi dekat satu sama lain dan memiliki sense of community. Pro-kontra yang terjadi mengenai keberadaan Gojek mungkin mengganggu social well being para pengemudi Gojek. Dari penelitian-penelitian sebelumnya, dapat diketahui terdapat hubungan antara sense of community dan social well being.

Penelitian ini pun ingin mengetahui apakah terdapat hubungan antara sense of community dan social well being pada pengemudi Gojek di Jabodetabek. Data diambil dari 61 partisipan. Peneliti menggunakan Sense of Community Index - 2 untuk mengukur sense of community dan Social Well Being Scale untuk mengukur social well being.

Hasil penelitian menunjukkan bahwa terdapat hubungan yang positif dan signifikan antara sense of community dan social well being pada pengemudi Gojek di Jabodetabek. Selain itu, ditemukan bahwa dimensi integration and fulfillment of needs dan shared emotional connection pada sense of community paling baik dalam memprediksi social well being pada pengemudi Gojek di Jabodetabek.

.....Many events that happened involving Gojek has brought the Gojek drivers to be closer to each other and to have a sense of community. However, the pros and cons that occurred regarding the existence of Gojek might also disturb their social well being. From previous studies, it is found that there is a relationship between the sense of community and social well being.

This study aims to find out whether there is a significant relationship between the sense of community and social well being of Gojek drivers in Jabodetabek or not. The data was taken from 61 participants. The writer used the Sense of Community Index - 2 to measure the sense of community and also Social Well Being Scale to measure social well being.

The results of this study showed that there is a positively significant relationship between the sense of community and social well being of the Gojek drivers in Jabodetabek. Furthermore, it was found that the dimensions of integration and fulfillment of needs and shared emotional connection in the sense of community work best in predicting the social well being of the Gojek drivers in Jabodetabek.
