Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20434945&lokasi=lokal>

Abstrak

Kegiatan Praktek Kerja Profesi (PKP) bertujuan untuk memperoleh pengalaman praktis dan meningkatkan pemahaman tentang peran dan tanggung jawab apoteker di industri farmasi. Kegiatan PKP juga memfasilitasi mahasiswa dalam memahami penerapan CPOB dan gambaran nyata permasalahan kefarmasian di industri farmasi. Kegiatan PKP dilaksanakan di PT. Abbott Indonesia, terdiri dari rangkaian kegiatan berupa penjelasan materi, diskusi, peninjauan lapangan, dan pelaksanaan tugas khusus. Tugas khusus yang diberikan selama PKP berjudul Analisis Routing Time Kaplet X sebagai Langkah Awal Penerapan Operational Excellent.

.....

Profession Internship aimed to obtain practical experience and better understanding about roles and responsibilities of pharmacist in pharmaceutical industry. In addition, Profession Internship facilitated the student to understand implementation of CPOB and real representation of pharmacy practice problems in pharmaceutical industry. Profession Internship implemented at PT. Abbott Indonesia, activities consist of description of material, discussion, field visit, and special assignment. The special assignment given during PKP called Analysis of the Caplets X Routing Time as an Initial Step Operational Excellent Implementation.
