

Selecting a coach: management development

Gibson, Richard S., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435497&lokasi=lokal>

Abstrak

Selecting a coach is different from other decisions you must make as a performance improvement professional. This Infoline not only provides practical guidance you can use as you select a coach, but helps you decide if hiring a coach is the right intervention for the organization or individual. This issue outlines the roles and competencies of a coach, what to expect during a coaching session, tips on how and when the coaching is delivered.
