

Ethics for training and development

Gordon, Edward E., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435529&lokasi=lokal>

Abstrak

According to the ASTD, training is now big business. More and more organizations are beginning to understand that employee training, including life-long employee education, is one of the last competitive tools left in their strategic business arsenal. They are beginning to comprehend that knowledge equals profit. As the result, the training and development profession, as an integral part of the contemporary business culture, is wrestling with ethical issues, some for the first time.
