

Fiqih Sosial : Upaya katulisasi fiqih klasik.

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435751&lokasi=lokal>

Abstrak

Jurisprudence is not be understood in a formal legalistic dimension alone, but it also should be coupled with the ethical dimension in order that its Developmnet is in line with its function. The emergence of schools of social jurisprudence can be seen as an answer as well as response to a negative and connotative judgment of the existence of traditional Islamic law that the sacred values of the law have begun to fade
