

Creating database-backed library web pages: using open source tools

Westman, Stephen R., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435824&lokasi=lokal>

Abstrak

Database-backed Web pages provide many advantages for libraries: users get accurate and up-to-date information in real time, and site maintenance and data publishing are much easier. As appealing an idea as database-backed pages are, the ?how-tos? of creating them remain a mystery to many librarians.
