

Sacred stacks: the higher purpose of libraries and librarianship

Maxwell, Nancy Kalikow, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20435880&lokasi=lokal>

Abstrak

Librarianship as a calling is a powerful perspective. While it s been a long time since libraries were exclusively the provenance of monks, some of those sacred roots remain, according to librarian and theologian Maxwell. Many librarians sense the deeper meaning and higher purpose in their work, yet rarely have time to contemplate it.
