

The ultimate digital library: where the new information players meet

Pace, Andrew K., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20436238&lokasi=lokal>

Abstrak

Pace advocates for libraries to shift their current practices and create collaborative and win-win partnerships with vendors to provide better and more forward-looking services. He presents some extreme views and suggests radical changes on how libraries can stay competitive in the new digital arena and starts the dialogue that can lead to lasting change.
