Asia Publishers presents some of the very best modern Korean literature to readers worldwide through its new Korean literature series <Bi-lingual Edition Modern Korean Literature>. We are proud and happy to offer it in the most authoritative translation by renowned translators of Korean literature. We hope that this series helps to build solid bridges between citizens of the world and Koreans through a rich in-depth understanding of Korea. Part of the story The problem is that people can't tell fiction from reality. How can a writer write only about the things she's experienced firsthand? Don't you agree? There's always those who ask: "Is this your personal experience? How do you describe it so vividly?" So foolish! You must have gotten so many silly questions like that. Don't even bother to respond to that kind of questions. It'll only make you feel bad. I also lashed out at my husband that day. His background is in engineering, so he knows virtually nothing outside the field. That's why he says things like that. I apologize on his behalf.
