Abstrak

In this fully updated revision, expert instructor and librarian Peggy Johnson addresses the art in controlling and updating your library's collection. Each chapter offers complete coverage of one aspect of collection development, including suggestions for further reading and a narrative case study exploring the issue. Johnson also integrates electronic resources throughout the topics of organization and staffing; policymaking and budgeting; and, purchasing and wedding. Johnson offers a comprehensive tour of this essential discipline and situates the fundamental ideas of collection development and management in historical and theoretical perspective, bringing this modern classic fully up to date.
