

Service learning: linking library education and practice

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20437677&lokasi=lokal>

Abstrak

As concern grows over the relevance of a master's degree to the professional work of librarianship, more and more schools will be looking to incorporate service learning into the student experience. Roy brings together authors from the top-tier schools to outline their programs and surrounding efforts and

Provides examples of how to incorporate service learning into library and information science education

Gives an overview of the history of service-learning

Outlines the student, faculty, and field supervisor roles

Service Learning serves as the rare educational resource that will tie professional and formalized education together.
