

Substitution of petroleum base with mes base surfactant for eor : laboratory screening

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20437726&lokasi=lokal>

Abstrak

Most of Indonesian oil field had been categorized as mature filed in which production had been declined for some time. Therefore EOR technology is a must to be implemented to these kinds of field. There are several EOR technologies had been employed successfully in laboratory and also field scales, including gas, thermal, and chemical infection.
