

A guide to job analysis: measurement & evaluation

Franklin, Maren, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20438638&lokasi=lokal>

Abstrak

Although this Infoline will detail the focus group method of conducting a job analysis, note that there are other ways that you can obtain similar results. The method you choose depends on the amount of time you have, you access to performers or subject mater experts (SMEs), and the level of detail you need.
