

Hukum humaniter internasional dan hubungannya dengan hak asasi manusia (HAM)

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20438901&lokasi=lokal>

Abstrak

International humanitarian law and human rights law have a similar relationship and goal. In terms of its coverage and target, however, they are different from each other. On one hand, international humanitarian law is an emergency law and implemented in external and internal armed conflict situations. On the other hand, human rights law is applied both in peace and war situations.
