

The new perspective on Abraham?

Visscher, Gerhard H., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20441127&lokasi=lokal>

Abstrak

Paul is not the only one in need of re-analysis, according to some scholars. Abraham, in their view, was not just the first Jew but also the first Gentile, and his role in Romans 4 has more to do with being a Gentile than it does with his being the father of the Jewish people. Gerhard Visscher examines whether this reasoning holds up in the writings of Paul and his contemporaries.
