

Encountering Islam: the politics of religious identities in Southeast Asia

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20442361&lokasi=lokal>

Abstrak

Encountering Islam: The Politics of Religious Identities in Southeast Asia, edited by Hui Yew-Foong, may not frame the culture-wars debate among Muslims in the region, but the book's three chapters on Islam in Indonesia can be more easily understood if read from the differing perspectives of the conservative-liberal political spectrum (Bulletin of Indonesian Economic Studies).
