

Future trends in satellite communications: markets and services

Pelton, Joseph N., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20442511&lokasi=lokal>

Abstrak

Contents :

- Preface
- Chapter 1: Hot Services and Trends in the Satellite Industry
- Chapter 2: Defense and Homeland Security Applications
- Chapter 3: Digital Broadcast Services and New Broadband IP Technologies
- Chapter 4: Trends in the Earth Sector: VSATs, Handhelds, Teleports, and Other Satellite Terminals
- Chapter 5: International Satellite Trends
- Chapter 6: Trends in Regulatory Standards and Frequency Allocations
- Chapter 7: Industry Trends: Mergers and Acquisitions, Combined Satellite and Fiber Networks
- Chapter 8: Conclusions and Findings
- Appendix A: Delphi Survey Results
- Appendix B: Key Satellite Industry Players
- Appendix C: Further Information on the Satellite Industry
- Appendix D: Glossary
