

Ridley Scott : the making of his movies

Sammon, Paul M., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20442781&lokasi=lokal>

Abstrak

After cutting his cinematic teeth directing TV commercials, Ridley Scott hit the big time with the sci-fi film "Alien", which created a whole genre of sci-fi movies. This biography of Scott presents a behind-the-scenes account of how he makes movies and a complete filmography with full credits
