

ASEAN-U.S. relations: what are the talking points?

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20447731&lokasi=lokal>

Abstrak

Contributors to this volume include ambassadors, ex-diplomats, and senior research fellows who have presented their views and opinions on ASEAN-US relations in a coherent perspective, although with minute differences. In all there are eleven contributors who offer fresh perspectives on ASEAN-US multiple ties. A common theme that runs through the entire volume is the salience and implications of US-ASEAN relations for regional security, stability and development. In brief, the book is of great topical importance.
