Abstrak

We all dutifully write out checks for insurance coverage each month, assuming that if the worst should occur, we'll be protected financially. But what we don't know about the insurance business could - and most probably will - hurt us. "Vulture Culture" is a hard-hitting expose of the sorry state of the industry, from tales of rampant, widespread corruption to inconsistent state regulations and the inability - and often unwillingness - of the federal government to protect the rights of denied claimants.
