Penelitian bersifat kualitatif melalui wawancara secara mendalam untuk mengkaji dan menganalisis bagaimana keterlibatan Organized Crime pada perilaku suap di kalangan penegak hukum itu terjadi, faktor-faktor penyebab suap, proses terbentuknya perilaku suap, bagaimana koloni suap di kalangan penegak hukum terjadi, serta kontrol lembaga penegak hukum terhadap proses hukum. Hasil penelitian menemukan bahwa perilaku suap di kalangan penegak hukum selama ini telah berjalan secara sistemik dan membudaya. Aktivitas Organized Crime semakin memengaruhi perilaku tersebut. Organized Crime dengan kekuatan finansialnya mampu membeli integritas penegak hukum, mampu mengawal dan mengintervensi proses hukum, hingga mampu mengubah penjara bertransformasi menjadi pusat peredaran dan pengendalian peredaran gelap narkotika.

**ABSTRACT
**

A qualitative methods with a depth interviews to examine and analyze how Organized Crime involvement in the bribery behavior of law enforcement occurs, the factors that cause bribery, the process of bribery formation, how bribery colonies among law enforcers occur, and the control of law enforcement agencies against legal proceedings. The results found that the behavior of bribes among law enforcement agencies has been running systematically and entrenched. The Organized Crime activities further influence that behavior. Its financial strength are able to buy the integrity of law enforcement, guarding and intervening the legal process, so it could transformed the prison into a center of circulation and control of illicit narcotics.
