Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20463969&lokasi=lokal>

Abstrak

Written for the undergraduate course, Cyberethics: Morality and Law in Cyberspace, Sixth Edition provides a modern, comprehensive examination of the social costs and moral issues emerging from the ever-expanding use of the internet and new information technologies, as well as internet governance and its control by the state. It highlights both the legal and philosophical perspective of content control, free speech, intellectual property, and security. The Sixth Edition includes interesting new case studies on social media, privacy, and the right to be forgotten, which encourages discussion and fosters critical thinking.
