Summary:

Occupational Science: Society, Inclusion, Participation is the must have resource for occupational therapists, occupational scientists, students and researchers. The book begins with a comprehensive review of the current literature and the knowledge generated to date. Reasons for the field's limited impact are proposed, including its focus on individuals rather than groups and communities, its psychological view of occupation, and its narrow focus on socially approved occupations. Global realities such as poverty, anti-social behaviour and ageing populations are discussed and implications
