Nama : Yosia Christian Yustin
Program Studi : Magister Administrasi Rumah Sakit
Judul : Analisis Penyelenggaraan Rekam Medik Terdesentralisasi di RSUD Cimacan Jawa Barat Tahun 2018
Pembimbing : Prof. DR. dr. Adik Wibowo, MPH
Penyelenggaraan Rekam Medik RSUD Cimacan menggunakan sistem desentralisasi karena beberapa alasan yaitu: perekam medik bukan dari kualifikasi D3 rekam medik, pola pembangunan yang horizontal, dan poliklinik yang tersebar di dalam 4 gedung RSUD Cimacan. Data Juni 2016 ndash; Oktober 2017 didapati kejadian duplikasi rekam medik sebanyak total 2.218 berkas. Penelitian kualitatif menggunakan metode observasi, telaah dokumen, dan wawancara mendalam dengan variabel-variabel SDM IRM, anggaran, alur, teknologi, kebijakan, dan sarana dan prasarana, serta lingkungan demografi, ekonomi, kebijakan nasional, dan kompetitor . Dilakukan Focus Group Discussion FGD untuk menentukan critical success factor CSF dari faktor internal dan faktor eksternal. Dengan menggunakan bantuan analisis SWOT, didapatkan strategi RSUD Cimacan pada pilihan pengembangan pelayanan. Melalui teknik Concensus Decision Making Group CDMG didapatkan upaya - upaya perbaikan pada kualitas dan kuantitas SDM, evaluasi penyelenggaraan rekam medik, evaluasi dan melengkapi kebijakan internal terkait penyelenggaraan rekam medik, penyediaan anggaran dengan lebih efisien dan maksimal, memaksimalkan teknologi yang sudah di implikasi agar lebih efektif dan efisien. Kata kunci: Penyelenggaraan rekam medik terdesentralisasi, instalasi rekam medik, SWOT, rencana aksi.
