Abstrak

Rumah Sakit ABC Jakarta yang mulai bekerjasama dengan BPJS Kesehatan pada Mei 2017, melihat kebutuhan untuk merekrut dokter spesialis full timer untuk menunjang pelayanan spesialistik pada era JKN. Dengan belum siapnya sistem tunjangan yang baik di Rumah Sakit ABC Jakarta, maka diperlukan adanya suatu rancangan remunerasi sebagai sistem tunjangan dokter spesialis di Rumah Sakit ABC Jakarta pada era JKN. Metode penelitian yang digunakan merupakan kombinasi antara penelitian kuantitatif dan kualitatif dengan menggunakan data primer dan sekunder. Data primer didapat dari wawancara mendalam dan survei, sementara data sekunder diambil dari hasil telaah dokumen. Penelitian ini menghasilkan rancangan sistem remunerasi untuk dokter spesialis yang diadaptasi dari Keputusan Menteri Kesehatan No.

625/Menkes/SK/V/2010 dan Buku Panduan Remunerasi IDI tahun 2016, yang memperhatikan prinsip-prinsip remunerasi serta tiga komponen remunerasi (Pay for Position, Pay for Performance dan Pay for People).
