

The shadow side of fieldwork: exploring the blurred borders between ethnography and life

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20481168&lokasi=lokal>

Abstrak

Offering an examination of the areas where life and research overlap and private experiences and formal ethnography blur, this book moves beyond traditional discussions, daring to explore the 'unspeakable' and 'invisible' in ethnographic work. Essays are includes by luminaries in the field of anthropology.
