Abstrak

Penelitian ini bertujuan menganalisis dinamika Confidence Building Measures (CBMs) terhadap proliferasi senjata nuklir antara India dan Pakistan. Penelitian dilakukan dengan mengidentifikasi karakteristik CBMs dalam keterkaitannya dengan proliferasi senjata nuklir. Penelitian ini menggunakan metode penelitian kualitatif dengan desain deskriptif. Hasil penelitian ini menemukan faktor aplikasi CBMs dari segi kepatuhan hukum tidak terpenuhi secara maksimal sehingga mekanisme pengendalian senjata dan perlucutan senjata dalam proliferasi senjata nuklir antara India dan Pakistan tidak berjalan dengan baik.

.....

This study aims to analyse the dynamic of Confidence Building Measures (CBMs) against the nuclear arms proliferation between India and Pakistan. The research is made through identification of CBMs characteristic in its relation with the nuclear arms proliferation. This research uses qualitative method with descriptive design. The result of this research finds that there is a factor in the CBMs application from the legal compliance point of view which is not fulfilled in maximum, hence the control mechanism and disarmament in the nuclear arms proliferation between India and Pakistan does not work properly.
