Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20496229&lokasi=lokal>

Abstrak

Apoteker memegang peranan penting di rumah sakit, apotek, dan puskesmas. Praktik kerja bertujuan agar calon apoteker memahami peranan apoteker sesuai dengan ketentuan perundang-undangan yang berlaku, memiliki pengetahuan, keterampilan, sikap perilaku profesional, serta wawasan dan pengalaman nyata. Selain itu, diharapkan calon apoteker dapat belajar berkomunikasi dan berinteraksi dengan tenaga kesehatan lain yang bertugas. Praktik kerja dilaksanakan di Rumah Sakit Ibu dan Anak SamMarie Basra, Apotek Hidup Baru, dan Puskesmas Kecamatan Cilandak pada bulan Januari-April 2019.

<hr>

Pharmacist plays an important role in hospital, retail, and community health center. Internship was aimed to make apothecary students understand the role of pharmacist based on law and have knowledge, skills, professionalism behaviour, insights, and real experiences. Besides, apothecary students can learn how to communicate and interact with other health professionals. Internship was done in SamMarie Basra Mother and Child Hospital, Hidup Baru Drugstore, and Community Health Center of Kecamatan Cilandak. Internship was held from January to April 2019.
