

SPSS for psychologists

Brace, Nicola, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20497504&lokasi=lokal>

Abstrak

Guiding readers through the latest version of SPSS/PASW Statistics, the authors once again provide clear step-by-step instructions on analysing data using the software. The new edition, which has been updated throughout, ensures the book remains the essential learning tool for all psychology students. Author Kemp from Uni of NSW.
