

Landscape construction

Sauter, David, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20497555&lokasi=lokal>

Abstrak

This book provides step-by-step instructions, beginning with legal requirements, elementary construction math, and site preparation, for installing most landscape elements, such as lighting, walls, stairs, wood structures (decks, seating, and platforms), water features, and bridges.
