Abstrak

Skripsi ini membahas mengenai cyber harassment yang terjadi di dalam game online menggunakan teori aktivitas rutin. Penelitian ini menggunakan pendekatan kualitatif dengan menggunakan studi kasus terhadap tiga pemain perempuan game online PlayerUnknown's Battlegrounds (PUBG). Temuan pada penelitian ini yaitu pemain perempuan masih direndahkan oleh pemain laki-laki game online PlayerUnknown's Battlegrounds (PUBG) dan rentan mengalami pelecehan di dalam game. Selain itu, bentuk-bentuk pelecehan yang dialami oleh pemain perempuan yaitu (1) komentar lisan mengenai bentuk fisik pada foto profil akun game, (2) komentar lisan mengenai bagian tubuh tertentu pada foto profil akun game, (3) rayuan, (4) pertanyaan mengenai hal sensitif seperti ukuran dada dan kehidupan seksual, (5) ajakan melakukan hubungan seksual, (6) lelucon berbaur seksual, (7) menyampaikan cerita bernada seksual, (8) membujuk melakukan aktivitas seksual melalui aplikasi whatsapp.

.....This thesis discusses cyber harassment that occurs in online games using the theory of routine activities. This research uses a qualitative approach using a case study of three female players online game Player Unknown's Battlegrounds (PUBG). The findings in this study are that female players are still underestimated by male players online game Player Unknown's Battlegrounds (PUBG) and vulnerable to harassment in the game. In addition, the forms of harassment experienced by female players are (1) verbal comments about the physical form in the game account profile photo, (2) oral comments about certain body parts in the game account profile photo, (3) seduction, (4) Questions about sensitive matters such as breast size and sexual life, (5) invitations to have sexual relations, (6) sexual jokes, (7) tell sexual stories, (8) persuade sexual activity through the whatsapp application.
