

Eurocode 2 design data for reinforced concrete columns

Tan, Kar Chun, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20508344&lokasi=lokal>

Abstrak

This book was written to facilitate column sizing and reinforcement design for structural engineers. It arranges the design data in a clearly structured manner, and provides quick and easy ways for engineers to compare the feasibility of multiple alternatives (various column sizes and reinforcement configurations). With the help of this book, engineers can rapidly produce outputs for architects, which the latter can incorporate into their architectural layout plans. These outputs can also benefit quantity surveyors, especially for costing purposes, and help avoid careless design errors.™;
