Abstrak

Penelitian ini membahas mengenai penerapan konsep Crime Prevention Through Environmental Design (CPTED) dalam upaya pencegahan kejahatan di Terminal Bus Kampung Rambutan pada saat kondisi pandemi Covid-19. Penelitian ini menggunakan pendekatan kualitatif dengan tipe deskriptif untuk memberikan gambaran mengenai strategi pencegahan kejahatan melalui desain lingkungan yang ada di Terminal Bus Kampung Rambutan. Dalam analisanya, penelitian ini menggunakan konsep CPTED sebagai pisau analisis utama dan menggunakan Routine Activity Theory sebagai alat pendukung konsep CPTED dalam upaya pencegahan kejahatan di Terminal Bus Kampung Rambutan. Hasil dari penelitian ini menunjukkan bahwa Terminal Bus Kampung Rambutan khususnya untuk wilayah AKAP maupun AKDP sudah menerapkan konsep CPTED pada saat kondisi pandemi Covid-19. Secara umum, penerapan CPTED di Terminal Bus Kanpung Rambutan pada saat pandemi Covid-19 tidak mengalami perubahan yang signifikan dengan CPTED yang selama ini telah dijalankan.

.....This study discusses the application of the concept of Crime Prevention through Environmental Design (CPTED) in preventing crime at the Kampung Rambutan Bus Terminal during the Covid-19 pandemic conditions. This study used a qualitative approach with a descriptive type to provide an overview of crime prevention strategies through environmental design at the Kampung Rambutan Bus Terminal. In the analysis, this study uses the CPTED concept as the main analysis tool and uses Routine Activity Theory as a supporting tool for the CPTED concept in crime prevention at the Kampung Rambutan Bus Terminal. The results of this study indicate that the Kampung Rambutan Bus Terminal, especially for the AKAP and AKDP areas, has implemented the CPTED concept during the Covid-19 pandemic conditions. In general, the implementation of CPTED at the Kanpung Rambutan Bus Terminal during the Covid-19 pandemic did not change significantly with the CPTED that had been running so far.
