Abstrak

Apoteker merupakan sarjana farmasi yang telah selesai menempuh pendidikan profesi dan telah mengucapkan sumpah apoteker sehingga memiliki keahlian dan kewenangan di bidang kefarmasian baik di apotek, rumah sakit, industri, pendidikan, maupun bidang kefarmasian lainnya. Salah satu syarat memperoleh gelar apoteker adalah kewajiban untuk menjalani praktik kerja profesi agar calon apoteker dapat memahami peran apoteker di dunia professional. Praktik Kerja Profesi Apoteker dilaksanakan di Apotek Roxy Galaxy pada periode bulan Januari-Februari 2021, PT. Kimia Farma Trading and Distribution Bekasi pada periode bulan Februari 2021 dan PT. Paragon Technology and Innovation pada periode bulan Maret-Juni 2021. Setelah menjalani praktik kerja profesi pada apotek, pedagang besar farmasi atau distributor dan industri tersebut, calon apoteker diharapkan dapat memahami peran dan tanggung jawab apoteker terutama dalam lingkup praktik dan pekerjaan kefarmasian.

.....Professional pharmacists are pharmacy graduates who have completed professional education and have taken the pharmacist oath so that they have expertise and authority in the pharmacies, hospitals, industry, education, and other pharmaceutical fields. One of the requirements for obtaining a pharmacist degree is the obligation to undergo an internship so that prospective pharmacists can understand the role of pharmacists in the professional world. The internship is held at Apotek Roxy Galaxy in the period January-February 2021, PT. Kimia Farma Trading and Distribution Bekasi in the period February 2021 and PT. Paragon Technology and Innovation in the period March-June 2021. After undergoing professional practice at pharmacy, distributor and industry, prospective pharmacists are expected to understand the roles and responsibilities of pharmacists, especially in the scope of practice and pharmaceutical work.
