Abstrak

Menurut Peraturan Pemerintah Republik Indonesia Nomor 51 Tahun 2009, pekerjaan kefarmasian adalah pembuatan termasuk pengendalian mutu sediaan farmasi, pengamanan, pengadaan, penyimpanan dan pendistribusi atau penyaluran obat, pengelolaan obat, pelayanan obat atas resep dokter, pelayanan informasi obat, serta pengembangan obat, bahan obat dan obat tradisional. Pelaksanaan pekerjaan kefarmasian mencakup pekerjaan kefarmasian dalam produksi sediaan farmasi dan pelayanan sediaan farmasi. Fasilitas produksi sediaan farmasi dapat berupa industri farmasi obat sementara fasilitas pelayanan kefarmasian dapat berupa apotek. Pelaksanaan pekerjaan kefarmasian pada industri farmasi dan apotek membutuhkan apoteker yang kompeten dalam bidangnya. Oleh karena itu, perlu dilakukan pembekalan ilmu dan pengalaman kepada calon apoteker, dimana salah satunya adalah dengan mengikuti praktik kerja profesi. Praktik Kerja Profesi Apoteker dilaksanakan di PT Takeda Indonesia dan di Apotek Roxy Jakasampurna. Setelah mengikuti praktik kerja profesi, diharapkan calon apoteker memiliki bekal untuk menjadi apoteker yang menjalankan tugasnya dengan baik dan bertanggung jawab.

.....Based on Peraturan Pemerintah Republik Indonesia Number 51 of 2009, pharmaceutical work is the manufacture including quality control of pharmaceutical preparations, security, procurement, storage and distribution of drugs, drug management, pharmaceutical care based on doctor's prescriptions, drug information service, as well as development of medicine, medicinal ingredients, and traditional medicine. The implementation of pharmaceutical work includes pharmaceutical work in the production of pharmaceutical preparations and pharmaceutical care. Production facilities for pharmaceutical preparations can be in the form of pharmaceutical industry while pharmaceutical care facilities can be in the form of pharmacies. The implementation of pharmaceutical work in the pharmaceutical industry and pharmacies requires pharmacists who are competent in their fields. Therefore, it is necessary to provide knowledge and experience to pharmacist candidate, one of which is by joining a professional work practice. The Pharmacist Professional Work Practice was held at PT Takeda Indonesia and Apotek Roxy Jakasampurna. After participating in professional work practice, hopefully the pharmacist candidate will have the provisions to become pharmacists who carry out their duties properly and responsibly.
