..... Pharmacists is one of the professional health workers who have an important role in carrying out pharmaceutical work. The important thing to do to become a professional pharmacist is to participate directly in the practice of pharmacy. Therefore, prospective pharmacists are required to undergo professional practice to increase understanding of the roles, functions, positions, and responsibilities of pharmacists before entering the workforce. The Pharmacist Professional Work Practice is held at Kimia Farma Garuda Pharmacy for the period of February 2022, PT Mahakam Beta Farma for the period March – April 2022, and the Jagakarsa District Health Center for the period May 2022. By participating in the Practice Program, it is hoped that prospective pharmacists will have insight, knowledge, skills, and abilities to do pharmaceutical work
