Abstrak

Apoteker memegang peran penting dalam fasilitas kefarmasian seperti Industri Farmasi, Pedagang Besar Farmasi, dan Apotek. Apoteker perlu memastikan dan menjaga mutu, keamanan, serta khasiat obat mulai dari proses produksi obat, distribusi obat, sampai obat diterima oleh pasien. Maka dari itu, apoteker harus memiliki kompetensi yang baik sesuai dengan Standar Kompetensi Apoteker. Praktik Kerja Profesi Apoteker merupakan salah satu persyaratan yang harus dipenuhi agar apoteker dapat mengetahui perannya dan meningkatkan kompetensinya. Praktik Kerja Profesi Apoteker dilaksanakan di PT Kalbe Farma Tbk pada periode 3 Januari-25 Februari 2022, Apotek Roxy Telajung pada periode 2-26 Maret 2022, dan PT Anugerah Pharmindo Lestari pada periode 1-14 April 2022. Praktik Kerja Profesi Apoteker ini diharapkan dapat membantu apoteker dalam mengembangkan kemampuannya dan memperoleh pengetahuan baru terkait profesinya di Industri Farmasi, Pedagang Besar Farmasi, dan Apotek.

.....Pharmacists play a vital role in pharmaceutical facilities, such as pharmaceutical industry, pharmaceutical distributor, and pharmacy. Pharmacists need to ensure and maintain the quality, safety, and the efficacy of drugs starting from the drug production process, drug distribution, until drugs are received by patients. Therefore, pharmacists are required to have good competencies in accordance with the pharmacist competency standards. The Professional Practices of Pharmacist is one of the requirements that have to be carried out so that prospective pharmacists can understand their role and improve their competencies. The Professional Practices of Pharmacist are carried out at PT Kalbe Farma Tbk for the period 3 January-25 February 2022, Apotek Roxy Telajung for the period 2-26 March 2022, and PT Anugerah Pharmindo Lestari for the period 1-14 April 2022. The Professional Practices of Pharmacist is expected to help pharmacists in expanding their skills and gaining new knowledge related to their profession in pharmaceutical industry, pharmaceutical distributor, and pharmacy.
