Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=89515&lokasi=lokal>

Abstrak

The treaty establishing the European Union constitution has not been fully accepted by European society, which is marked with the result of the vote (referendum) in France and the Netherlands. But this does not mean the end of regionalization of Europe. The earlier agreements will remain to be the bases for continuation effort. The interaction growing among the citizens of Europe, which is no longer limited by states, will improve cultural assimilation as well as build awareness in further integration process.
