Abstrak

Seorang apoteker yang profesional harus mampu menerapkan ilmu pengetahuan yang telah diperoleh selama masa studi dalam melaksanakan pekerjaan kefarmasian. Sebagai upaya untuk meningkatkan pengetahuan dan keterampilan calon apoteker mengenai peran, fungsi, dan tanggung jawab apoteker serta mendapatkan gambaran pekerjaan kefarmasian, calon apoteker perlu melaksanakan Praktik Kerja Profesi Apoteker terlebih dahulu sebelum memasuki dunia kerja. Praktik kerja profesi apoteker dilakukan di Kimia Farma Apotek 001 Garuda periode Maret 2022, PT. Novell Pharmaceuticals Laboratories periode Mei-Juni 2022, Puskesmas Kecamatan Kebon Jeruk periode Juli 2022, PBF SamMarie Tramedifa periode Agustus 2022, dan Rumah Sakit Universitas Indonesia periode September - Oktober 2022. Setelah pelaksanaan praktik kerja profesi apoteker di Apotek, Industri, pusat kesehatan masyarakat (Puskesmas), PBF, dan Rumah Sakit tersebut, calon apoteker diharapkan dapat memiliki wawasan, pengetahuan, keterampilan, dan pengalaman yang cukup sehingga siap untuk memasuki dunia kerja sebagai apoteker yang kompeten dan profesional.

.....A professional pharmacist must be able to apply the knowledge that has been acquired during the study period in carrying out pharmaceutical work. As an effort to increase the knowledge and skills of prospective pharmacists regarding the roles, functions and responsibilities of pharmacists and to get an overview of pharmaceutical work, prospective pharmacists need to carry out Pharmacist Professional Work Practice before entering the world of work. Pharmacist professional work practice is carried out at Kimia Farma Pharmacy 001 Garuda for the period of March 2022, PT. Novell Pharmaceuticals Laboratories for the period May-June 2022, the Kebon Jeruk District Health Center for the July 2022 period, PBF SamMarie Tramedifa for the August 2022 period, and the University of Indonesia Hospital for the September-October 2022 period. Community Health Centers), PBF, and Hospitals, prospective pharmacists are expected to have sufficient insight, knowledge, skills and experience so that they are ready to enter the world of work as competent and professional pharmacists.
