Abstrak

Skripsi ini menganalisis peranan audio pada pameran temporer dan pengaruh peran audio pada elemen pameran temporer. Didukung data-data dalam bentuk diagram dan gambar, tulisan ini menjelaskan variabel-variabel pengaruh audio dan variabel pameran temporer terhadap fokus pengunjung ketika menikmati pameran di ruang publik. Untuk melengkapi studi tersebut, melalui studi kasus pada pameran temporer “Through the Lens of Faith” dan “The Face of The Stars”, hasil analisis dari studi literatur adalah berupa pemahaman peran audio terhadap fokus pengunjung karena gangguan audio pada pameran temporer dan pengaruh audio terhadap elemen pada pameran temporer di tempat umum yang dapat mendukung fokus pada pengunjung pameran temporer.

.....This thesis analyzes the role of audio in the temporary exhibition and the effect of the role of audio on the elements of the temporary exhibition. Supported using data in the form of diagrams and pictures, this paper describes the influence of audio and temporary exhibition variables on the focus of visitors when enjoying the exhibition in a public space. To complete the study, through a case study on the temporary exhibition "Through the Lens of Faith", the results of the analysis of the literature study are in the form of understanding the role of audio in the focus of visitors due to audio disturbances in temporary exhibitions and the effect of audio on elements in temporary exhibitions in public places that can supports a focus on temporary exhibition visitors.
