Abstrak

Pelayanan Unit Gawat Darurat (UGD) merupakan ujung tombak pelayanan kesehatan di rumah sakit dan puskesmas perawatan, dengan waktu yang sangat krusial. Obat darurat darurat (emergency) merupakan sebagian dari obat-obatan yang harus ada dalam persediaan ruangan, obat ini mutlak harus selalu tersedia di puskesmas. Namun dalam melakukan pengolahan data obat, Puskesmas masih menggunakan metode pencatatan manual, yaitu semua data – data dicatat didalam sebuah buku atau arsip. Puskesmas Kecataman Matraman mempunyai pelayanan kegawat-daruratan, dengan menyediakan emergency trolley yang lengkap. Emergency trolley merupakan salah satu peralatan untuk darurat medis, emergency trolley terdapat di Unit Gawat Darurat, selain itu disediakan juga di unit pelayanan 24 jam. Dalam Keputusan Menteri Kesehatan Republik Indonesia Nomor Hk.01.07/MENKES/4799/2021 mengatur tentang daftar obat keadaan darurat medis. Daftar obat emergensi pada emergency trolley yang terdapat di puskesmas Kecamatan Matraman sudah memenuhi persyaratan daftar obat darurat medis sesuai peraturan serta sesuai penggunaannya dalam keadaan darurat medis.

.....

Emergency Unit Services are the spearhead of health services in hospitals and health centres, with very crucial time. Emergency drugs are some of the drugs that must be in the room stock, these drugs must always be available at the health centre. However, in processing drug data, the Health Center still uses a manual recording method, namely all data is recorded in a book or archive. The Matraman District Health Center has emergency services, by providing a complete emergency trolley. An emergency trolley is one of the equipment for medical emergencies, an emergency trolley is available in the Emergency Unit, besides that it is also provided in the 24-hour service unit. The Decree of the Minister of Health of the Republic of Indonesia number Hk.01.07 / MENKES / 4799/2021 regulates the list of drugs for medical emergencies. The list of emergency drugs on the emergency trolley at the Matraman District Health Center has met the requirements for the list of medical emergency drugs according to regulations and according to their use in medical emergencies.
