Anuraga Maternity Care and Birthing Center stands as a healthcare and birthing facility within the Transit Oriented Development (TOD) area of Manggarai, a densely populated area in DKI Jakarta. It aims to lower the Maternal Mortality Rate (MMR) and Infant Mortality Rate (IMR). Kelurahan Manggarai, with an area of 95.30 hectares and a population of 35,072 people, including 17,440 women, requires a special attention to the health and safety of mothers and babies to ensure the birth of a quality generation. The presence of Anuraga in the Manggarai Neighborhood Center, alongside supporting facilities for mothers, children, and people with disabilities, facilitates access for Manggarai community to obtain quality healthcare and birthing services.
