Abstrak

Serial televisi big little lies (2017) yang diangkat dari sebuah novel berjudul serupa menjadi populer karena menyajikan cerita tentang para perempuan yang berusaha menghadapi dominasi laki-laki. Tujuan penelitian ini adalah untuk mengetahui bagaimana para tokoh perempuan dalam Big Little Lies Season 1 menghadapi kekerasan seksual dan domestik, serta mengeksplorasi peran konformitas dan resistansi tersebut dalam konteks perjuangan perempuan melawan dominasi kuasa dan kekerasan seksual oleh laki-laki di Amerika Serikat (AS). Metode yang digunakan dalam pengumpulan data adalah mengamati dan menyimak film sebelum mencatat adegan-adegan yang signifikan. Analisis data dilakukan dengan pendekatan feminisme dan kajian film. Hasil penelitian ini menunjukkan bahwa para tokoh perempuan dalam serial televisi Big Little Lies Season 1 menggunakan beragam cara dalam menghadapi kekerasan seksual dan domestik, misalnya melakukan konfrontasi balasan, mandiri secara ekonomi, atau yakin akan kemampuan diri sendiri. Konformitas dan resistansi berperan berpengaruh pada kesejahteraan perempuan baik di bidang domestik maupun profesional terutama di AS.

.....The television series big little lies (2017), which was based on a novel of the same name, became popular because it presented stories about women trying to face male domination. The purpose of this study was to find out how the female characters in Big Little Lies Season 1 faced sexual and domestic violence, and to explore the role of conformity and resistance in the context of women's struggle against domination of power and sexual violence by men in the United States (US). The method used in data collection is to observe and listen to the film before recording significant scenes. Data analysis was carried out using a feminism and film study approach. The results of this study indicate that the female characters in the television series Big Little Lies Season 1 use a variety of ways to deal with sexual and domestic violence, such as counter-confrontation, being economically independent, or being confident in one's own abilities. Conformity and resistance play an influential role in women's welfare both in the domestic and professional fields especially in the US.
