Abstrak

Apoteker merupakan lulusan sarjana farmasi yang telah melalui pendidikan profesi apoteker dan mengucapkan sumpah serta janji apoteker. Dalam meningkatkan keterampilan, kemampuan, dan kecakapan lulusan apoteker, maka perlu dilakukannya program praktik kerja pada saat pendidikan profesi apoteker. Praktik kerja profesi apoteker merupakan kegiatan pembelajaran secara langsung di lapangan pekerjaan kefarmasian. Kegiatan ini merupakan aplikasi dan penerapan ilmu yang telah didapatkan melalui pendidikan tinggi farmasi sehingga dapat menjadi pengalaman dan pembelajaran apoteker di dunia kerja. Praktik kerja profesi apoteker ini dilaksanakan di 3 (tiga) sarana kefarmasian yaitu Industri Farmasi, PT. Soho Industri Pharmasi selama periode 11 Januari-5 Maret 2021; Apotek, Apotek Atrika selama periode 8 Maret-1 April 2021; dan Pedagang Besar Farmasi, PT. SamMarie Tramedifa selama periode 5 April-16 April 2021.

.....Pharmacists are pharmacy graduate students who have taken pharmacist professional education, pharmacist's oaths and vows. In improving the skills, abilities, and skills of pharmacist graduates, it is necessary to carry out internship program during pharmacist professional education. Pharmacist internships are direct learning activities in the pharmaceutical work field. These activities are the application and implementation of knowledge that has been obtained through higher education in pharmacy so that it can become the experience and learning of pharmacists in the pharmaceutical facilities. These pharmacist internships are carried out in 3 (three) pharmaceutical facilities, such as the Pharmaceutical Industry, PT. Soho Industri Pharmasi for the period of 11 January-5 March 2021; Pharmacy, Apotek Atrika for the period of 8 March-1 April 2021; and Pharmaceutical Distribution, PT. SamMarie Tramedifa for the period of 5 April-16 April 2021.
