Abstrak

Zakat is one of the essential instruments in sustainable development, and its implementation is considered relevant to the concept of Maqid al-Shar'ah, which aims to achieve benefit. The purpose of this study is to analyze the realization of Zakat on the achievement of SDGs from the perspective of Maqid al-Shar'ah, which includes hif al-din, hif al-nafs, hif al-ml, hif al-nal and hif al-aql. This research is descriptive quantitative research with horizontal analysis and comparative analysis. The sampling technique in this study is purposive sampling. The research samples are BAZNAS, LAZ Rumah Zakat, LAZ Dompot Dhuafa, LAZ Inisiatif Zakat Indonesia, LAZ Yatim Mandiri, LAZ The Panti Yatim Indonesia Foundation, LAZ Baitulmal Muamalat and LAZ Mizan Amanah. The data collected in this study were from the Annual Report and the financial reports of zakat institutions from 2016-2019. The results show that all zakat institutions have realized Zakat on the achievement of SDGs from the Maqid al-Shar'ah perspective, which includes hif al-dn, hif al-nafs, hif al-ml, hif al-nal and hif al-aql. Zakat institutions have realized Zakat on the achievement of SDGs from a Maqid al-Shar'ah perspective which includes hif al-dn, hif al-nafs, hif al-ml, hif al-nal, and hif al-aql. Overall, the realization of Zakat on SDGs from the perspective of Maqid al-Shar'ah is most significant in the hif al-ml dimension. The most dominant LAZ Rumah Zakat is the realization of Zakat from the hif al-ml perspective on the SDGs. Meanwhile, from the standpoint of hif al-nal, hif al-nafs, and hif al-aql towards SDGs is greatest at Laz Dompot Dhuafa. As for the realization of Zakat on the hif al-din dimension, the highest is BAZNAS. Thus, the Zakat is allocated more to the SDGs to end poverty. This research implies that zakat institutions remain consistent in realizing their funds towards sustainable development goals from the perspective of Maqid al-Shar'ah and increasing their performance to make a significant contribution to welfare.
