

Remarkable Recovery: What Extraordinary Healings Can Teach Us About Getting Well and Staying Well

Hirshberg, Caryle, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=9999920579648&lokasi=lokal>

Abstrak

A study of individuals who miraculously recovered from terminal illnesses draws on medical, genetic, psychological, and spiritual profiles to argue that the key to healing lies in the functioning of the immune system.
