Abstrak

This book constitutes the refereed proceedings of the Joint Conference of the Interdisciplinary Research Group on Technology, Education, Communication, and the Scientific Network on Critical and Flexible Thinking, held in Ghent, Belgium, in October 2011. The 12 papers in this volume represent extended versions of the 20 papers presented at the conference and selected from numerous submissions. The conference brought together scholars and researchers who study the use of serious games in educational settings from different perspectives, such as instructional design, domain specific didactics, cognitive and computer science.
