Abstrak

[<b>ABSTRAK</b><br>

Penelitian ini bertujuan untuk menjelaskan mengenai perilaku menyimpang anggota Polri dan permasalahannya dengan menganalisis pelanggaran kode etik profesi Polri pada Polres Aceh Utara dari tahun 2010 hingga 2012. Secara kualitatif penelitian ini akan menerangkan penyebab terjadinya perilaku menyimpang, proses pembinaan personil, dan peran pimpinan dalam menanggulangi perilaku menyimpang. Perilaku menyimpang yang dilakukan oleh anggota polisi pada Polres Aceh Utara disebabkan oleh lemahnya inner containment dan outer containment. Lemahnya Inner containment disebabkan oleh kurangnya pemahaman mengenai kepolisian, menurunnya kesadaran moral dan etika, adanya gaya hidup hedonisme, berasosiasi dengan orang yang lebih dulu menyimpang. Sedangkan lemahnya outer containment disebabkan oleh kurangnya peran organisasi Polres Aceh Utara dalam hal kurang efektifnya manajemen pembinaan personil, dan kurang efektifnya peran pemimpin, dan disebabkan juga karena adanya pengaruh lingkungan komunitas.

<b>ABSTRACT</b><br>

This study aims to explain the deviant behaviour of members of the national police and the problem with analyzing the violation of code of ethics of the national police in northern Aceh police from 2010 to 2012. This qualitative study will explain the causes of deviant behaviour, process guidance to police officers deviating behaviour, and the role of leadership in dealing with deviant behaviour. Deviant behaviour committed by members of the police at the police station north Aceh caused by weak inner and outer containment. Weak Inner containment is caused by a lack of understanding of the police, declining moral and ethical awareness, their hedonistic lifestyle, associated with the person who first deviated. While the outer containment weakness caused by lack organizational roles northern Aceh Police in terms of the lack of effective management of personnel development, and the lack of effective leadership role, and due also because of the influence of the community environment, This study aims to explain the deviant behaviour of members of the national police and the problem with analyzing the violation of code of ethics of the
